I know that my child will be expected to sign an e-safety agreement form and that they will be made aware of the '12 rules for responsible ICT use'.
I accept that ultimately the school cannot be held responsible for the nature and content of materials accessed through the Internet and mobile technologies, but I understand that the school will take every reasonable precaution to keep pupils safe and to prevent pupils from accessing inappropriate materials. These steps include using an educationally filtered service, restricted access email*, employing appropriate teaching practice and teaching e-safety skills to pupils.
I understand that the school can check my child's computer files, and the Internet sites they visit, and that if they have concerns about their e-safety or e-behaviour that they will contact me.
I will support the school by promoting safe use of the Internet and digital technology at home and will inform the school if I have any concerns over my child's e-safety.
